PREMIER GREENWAY DEFIES THE ORDER

REFUSES TO SUBMIT TO THE GOVERNMENT'S EDICT.

Stands By the Declaration That No Schools Can Be Maintained In the Province—Provincial Government Leader Warns Parliament—Situation Critical.

Winnipeg, Man., March 26.—The remedial order of the Dominion government, calling upon the government of Manitoba to restore to the Roman Catholics their parochial or separate schools as they existed prior to 1890 reached the city yesterday morning. It was addressed to the lieutenant-governor and by him was transmitted to the legislature, which was sitting in readines to receive it. The legislative chamber was crowded with an immensely earnest gathering when the important document was delivered. It was voluminous and reviewed all the evidence taken before the privy council of England, which body declared that the Catholics of Manitoba had a grievance and that the Dominion government had the power and authority to grant redress by a remedial order. The tenor and language of the order leaves no opening for compromise. It is a command to Manitoba to submit and plainly says that if the legislature does not obey the Dominion government will enforce its authority.

Premier Greenway authorized the following statement of his attitude toward the action of the Dominion government and the order sent here from Ottawa:

"There is nothing before us now but a certain proposition. There can be no compromise. We must either reject or accept the proposition made. The order is peremptory. There is no room for a suggestion from us. We earnestly desire to act with the constitution, but let all people know this trouble is not of our own making. We claim the right to make our own laws, and this right we will not give up without a struggle.

"The governor-general's order will be rejected in its entirety. The Dominion parliament will then be armed with jurisdiction to impose upon Manitoba a law to which an overwhelming majority of its people are are opposed.

"It will be wise for parliament, as Mr. Glodstone once said, to think twice, think thrice before coercing a loyal and law-abiding community. Few in numbers though they may be, they will never submit to this unjust coercion.

"This is a struggle for our right. We are a free people, we will not be made slaves. We will not have the laws which we have passed deliberately and with full knowledge of our own condition, destroyed by a body to whom these conditions are unknown, acting without inquiry and without adequate consideration."

No definite action was taken last night. After the order had been read it was laid on the table for future consideration. That the order will be rejected may be taken for certain. Of the forty members of the legislature only four or five will vote against the rejection, these four or five being Catholics and representing purely Catholic constituencies.

A sensational feature of the trouble is the announcement that the Dominion cabinet had appointed one of its members, the Hon. John C. Patterson, minister of militia, lieutenant-governor of Manitoba. This change is believed by the Manitoba government to be that the Dominion authorities want a man as governor more pliable to their wishes and who will unhesitatingly carry out their mandate. Manitoba has always contended that its governor should be a Manitoba citizen and this unlooked for action has only added fuel to the flames.

The Hon. Robert Watson, Minister of public works, was asked for an expression of opinion on the matter.

"I have no hesitancy in saying," he said, "that the Manitoba government will not accept the remedial order."

There are many bitter expressions heard here from the best citizens. Maj. Mulvey, formerly a thick and thin supporter of the Ottawa government, said:

"It cost the government of Canada $8,000,000 to subdue the half-breeds of the Saskatchewan. What will it cost to make slaves of the 200,000 people of Manitoba? Let the government count the cost."

The Greenway government, at present in power, was elected solely on the school question in 1892, carrying thirty seats out of forty in the legislature, while but six of the minority were Catholics. The present ministry is determined not to submit to any interference by the Ottawa government with Manitoba's rights. Any attempt of the Ottawa government to forcibly carry out its orders or to compel submission to its orders interfering with provincial school legislation will cause little short of a revolution, and much apprehension is felt as to the outcome of the present condition of affairs.

Killed by the Falling of a Building.

Creston, Ohio, March 26.—During the high wind which prevailed yesterday the side walls of a two story brick house, in course of erection on Main street for Griscom Bros., collapsed, burying three persons. One of them, Jacob Wentz, the contractor, was taken out dead. Andrew Baird sustained a broken arm and a slight fracture of the skull, and Martin Murray was internally injured, but not seriously.

DEBS CASE ON HEARING.

Lyman Trumbull Opens the Pleading for Habeas Corpus.

Washington, March 26.—The United States Supreme court this morning began the hearing of argument in the case of Eugene V. Debs, president of the American Railway Union, and others who participated with him in the Chicago strike of the summer of 1894. The counsel numbered three on the side of the defendants, headed by the Hon. Lyman Trumbull, and including Messrs. S. S. Gregory and C. S. Darrow. Attorney-General Olney, Assistant Attorney-General Whitney and Edwin Walker, special United States attorney, appeared for the government.

The early proceedings in the case today developed that while the argument would be extended, the question at issue was not complex. Debs and his associates ask for a writ of habeas corpus, relieving them from the sentence of imprisonment passed upon them by Judge Woods of the United States circuit for the northern district of Illinois in December last on the charge of contempt in failing to obey the injunction of the court requiring them to desist from interfering with the interstate transportaion of the mails.

The main contention of the petitioners is that the original bill stated no case cognizable in chancery, and that, therefore, the injunction was void, and that the persons at whom it was aimed were not bound to observe it. In support of this proposition they assert that without statutory authority from congress the government could maintain no such bill, and that no such authority could be found.

It was 12:40 when the case was called and Mr. Trumbull addressed the court in support of a motion made by himself that counsel be heard in behalf of the petitioners, and that they be allowed three hours for the presentation of that side of the case. The motion was granted and three hours allowed on each side.

Assistant Attorney-General Whitney followed on behalf of the government. Regarding the jurisdiction of the court below, Mr. Gregory, counsel for defendants, contended that there was none because no Federal statute had been submitted under which the case could be considered there except the anti-trust law, and he characterized the effort proceed under this law as "a kind of judicial stabism." Mr. Walker asserted the right of the United States to invoke the aid of an equity court to suppress a nuisance, and therefore such a court had jurisdiction in this case. He concluded with the adjournment of the court at 4 o'clock, leaving only two arguments to be made—that of Attorney-General Olney for the government and of Mr. Darrow for the petitioners.

HAS NO USE FOR SILVER.

McKinley Says He Will Not Stand on a Free-coinage Platform.

New York, March 26.— Aspecial dispatch from St. Augustine, Fla., says: "In Thomasville last night a letter was received by Gov. McKinley from a hundred or more citizens of Georgia—democrats and republicans alike—pledging him the solid vote of Georgia in the national republican convention and assuring him of a fighting chance to get the electoral vote of that state providing that he will declare himself an advocate of free silver. The letter also intimated that the republican national platform of 1896 might contain a silver plank. When this letter was read aloud to him Gov. McKinley was indignant. He said: 'If the republican party should declare for free silver I would decline to become its candidate and I would quit the party forever.'"

Say Fair Died by Poison.

San Francisco, Cal., March 26.—The publication of the alleged fact that the late Millionaire James G. Fair was betrothed to Miss Phoebe Couzins caused widespread comment in this city and no limited degree of surprise, but a story printed in a morning paper has effectually eclipsed the betrothal affair for sensationalism and general features. The story is to the effect that insinuations have been made by responsible parties that the late Mr. Fair did not suffer a natural death but that the end of his life was brought about by the agency of certain parties who were desirous that his death should take place at a certain time. The story is quite generally believed in this city.

DE LOME IS NAMED AS THE MINISTER

SPAIN'S AMERICAN MINISTER RECALLED.

Senor Dupuy de Lome Named As His Successor—Nicaraguan Matter Being Carefully Investigated—Honduras Gives Satisfaction—Carried Britains Ultimatum—Foreign News

Washington, March 26.—The organization of the new Spanish ministry, formed late Saturday, is being watched with interest by officials and diplomats here, owing to the direct and speedy effects it will have on affairs between the United States and Spain. Official advices received here say every member of it is conservative. This is directly contrary to cable reports, saying that five of the new ministers were liberals. The effect of this will be far more sweeping in the change of officers, including foreign ministers, and the adoption of a new policy on foreign and domestic affairs.

Yesterday being the first day of the new ministry a reply to the United States on the Allianca affair was not expected, nor had it come up at a late hour. It is thought, however, to be one of the first subjects which will engage the ministry. The new ministry is rather inclined to be belligerent in its tendencies, that is, so far as can be judged by the record of its prior members.

The cable announcement from Madrid that Senor Dupuy de Lome will be the successor to Senor Muruaga as minister to the United States it not yet officially confirmed here. The statement is generally credited, however. Senor de Lome was the Spanish minister at Washington three years ago, serving only six months, and being succeeded by Muruaga. He is a conservative, which, in part, led to his being succeeded by Senor Muruaga, a liberal.

NICARAGUA'S CASE.

State Department Will Carefully Investigate the Hatch Matter.

Washington, March 26.—Dr. Guzman, the Nicaraguan minister, was at the state department yesterday and the inference is he has been consulting Secretary Gresham respecting the British ultimatum. It is evident the state department is deeply concerned in this matter and a statement from Ambassador Bayard explaining the purpose of Great Britain is anxiously looked for. It is not believed the government can object to the creation of a commission of fair complexion to ascertain and fix damages sustained by British subjects in Nicaragua and the issue appears to have narrowed down to the demand of an indemnity of £75,000 ($375,000) for the expulsion of Mr. Hatch, the British consular agent at Bluefields. It is felt here that in the present depressed financial condition of Nicaragua this is rather an exorbitant demand, but aside from this there is already a disposition to examine into the matter further and ascertain whether the Nicaraguan government did not act entirely within its rights in expelling the consular agent. It is felt at the state department that it will require the exercise of great caution to safely determine upon a line of policy that will not lose for the United States the respect of the smaller republics of this hemisphere and at the same time will not violate any of the principles of international law and equity.

Great Britain Will Press the Case.

London, March 26.—The parliamentary secretary of foreign office, Sir Edward Grey, in the house of commons yesterday, regarding the situation of affairs in the dispute between Great Britain and Nicaragua, said the British minister to Central America, A. Gosling, had been granted leave of absence from his post and would leave Central America in May. Mr. Roberts, the British consul in Guatemala, would succeed Mr. Gosling, with the rank of Charge d'Affaires, and he would press the claim of Great Britain for £75,000 damages for the arrest of Mr. Hatch, the British consular agent at Bluefields.

Honduras to Pay for Renton's Death.

Washington, March 26.—The state department has received a cable message from Gen. Young, United States minister to Honduras, announcing that the Honduras government has promised to speedily settle the Renton case. This is the matter Capt. Davis of the United States steamship Montgomery recently investigated, and the message is assumed to mean that Honduras will pay Mrs. Renton an indemnity for the murder of her husband and loss of property.

Carries Britain's Ultimatum.

Salt Lake, Utah, March 26.—The committee on ordinance and federal relations submitted a report to the constitutional convention yesterday. The first section is as follows: "Perfect toleration of religious sentiment shall be secured, and no inhabitants of this state shall ever be molested in person or property on account of his or her mode of religious worship; and polygamy or plural marriage is forever prohibited." The convention adopted a resolution of sympathy for the people of Wyoming in the calamity which overtook them in the Almy mine disaster, and voted one day's salary of members for the relief of the wives and children of the victims.

Muncie, Ind., March 27.—At noon yesterday, while a gale that was in the form of a small cyclone was blowing, fire started in the old Johnson sawmill, now owned by J. C. Wood & Co., and for a time the Indiana bridge works and a score of residences were in danger. The sawmill and stock, valued at $12,000, were destroyed, together with the Muncie skewer works, valued at $20,000. There is $4,000 insurance on the sawmill and about $10,000 on the skewer factory. BIG FRAUD CHARGED.

Loan Company at Butte Said to Be a Huge Swindle.

Butte, Mont., March 26.—Henry L. Haupt, president of Montana Mining, Loan and Investment company, is on trial in the United States court here on the charge of sending non-mailable matter through the postoffice. The testimony introduced has developed a gigantic swindling scheme in which many prominent men are innocently involved. It shows that Haupt was the sole manager of the concern and reaped all the profits. The entire property of the company is said to be worth not over $2,000, and its mines, which are located near Butte, to be worthless. Haupt has offices in London, New York, Chicag, St. Louis, San Francisco, and other large cities. It is claimed the enterprise was established as a successor to the Louisiana State lottery, and has been a gigantic swindle from the start.

Adjournment was taken until this morning at 10 o'clock. The house convened at 5 o'clock with less than thirty members in their seats. Crawford's elevated railroad bill as passed by the senate, was read a first time and referred to the committee on municipal corporations. The house adjourned to 10 o'clock this morning.

He declined to discuss his case in any manner and merely said that he would start for San Francisco to-day and take a steamer sailing for Honolulu next week.

Canadian Doubt of a New Treaty.

Ottawa, Ont., March 26.—It is denied in government circles there is any likelihood of a new treaty in regard to Behring sea fisheries being negotiated, as indicated in dispatches from Washington. It is true Canadian officials will probably go to Washington soon to make arrangements for assessing the damages suffered by Canadian sealers, as congress has refused to pay the amount, but the general question of Behring sea regulations is not likely to be reopened.

JAPANESE ARE SORRY.

The Attack on Li Hung Chang Bitterly Regretted.

Yokohama, March 26.—Resolutions have been submitted to the Japanese diet regretting the attack made upon Viceroy Li Hung Chang, who was shot and wounded in the face Sunday at Shimonoseki.

The bullet has not yet been extracted from the face of Li Hung Chang, but the viceroy's condition is favorable; he has no fever, and is suffering but little pain. His assailant, who is described as a political bravo, rushed from the crowd when Li Hung Chang's palanquin was passing, seized the carrier's hand and fired at the Chinese statesman. The bullet entered the viceroy's left cheek. The affair has caused the greatest indignation here.

Li Hung Chang's would-be assassin is reported to be a lunatic. He has a criminal record and has served a term of imprisonment. It is generally regarded in diplomatic circles that shrewd old Li Hung Chang will make his wound the most costly one that was ever given to a mortal being.

"If Li does not make that pistol shot worth $25,000,000," said a diplomat today, "he is not the statesman I take him for. He will want to shave fully that much off the indemnity demand, and his wound will become painful every time Japan makes an exorbitant demand. It is the best thing that has happened for China since the war began."

Prince Hohenlohe and Emperor William Confer.

New York, March 26.—A special dispatch to a morning paper from Berlin says:

Prince Hohenlohe is opposed to such a step, but Baron von Koeller and Dr. Miguel favor it. The election of a president of the reichstag will take place Wednesday, when a decision will have to be arrived at. The center party will present the names of Herren Spahn and Schmidt as its candidates for the chair. The socialists may nominate Herr Bebel. Efforts are being made by the centrists to dissuade the pope from sending his congratulations to Prince Bismarck."

MILITIA WITHDRAWN.

Colored Screwmen Working on the New Orleans Levee Without Protection.

New Orleans, March 26.—The negroes went to work on the levee yesterday without military protection. The soldiers are held in their armories in case of trouble. MUCH WORK DONE BY LEGISLATORS

THIS WAS RATHER A BUSY DAY AT MADISON.

Senate Passed the Jere Dobbs Measure But the Assembly Referred It Back To the Committee as Three Were Not Vote Enough to Suspend the Rules—Other Bills.

Madison, March 26—In the senate this morning bills were passed granting state aid to county agricultural societies; for the publication of a pamphlet on the resources of the northern part of the state; vacating the office of Jere Dobbs and authorizing Governor Upham to appoint a successor—the democrats voting against the measure.

When this bill came to the assembly Mr. Hall opposed the motion to suspend the rules and pass the bill and said said that he hoped no such legislation would be passed. He protested against the action of the democrats two years ago in adopting a similar bill. Only thirty-two voted for the suspension and as this was not enough the bill was sent back to the committee.

The black list bill was laid over until to morrow and the assembly bills passed were: to make the laws of the state uniform with those of other states; authorized state aid for agricultural societies to purchase grounds. The bills compelling street car companies to vestibule cars in two years and authorizing cities to purchase water works and lighting plants were passed to a third reading.

The deputations proceeded to the castle front, where they were received in a body by Prince Bismarck. Herr von Koeller, president of the lower house of the Prussian Diet, made a speech congratulating Prince Bismarck on the approaching anniversary of his birth. The prince made a speech thanking the deputies for their kind wishes.

Emperor William is expected here to visit Prince Bismarck to-day, and a brilliant military suite will accompany him. A review of a number of troops will also be held here in honor of Prince Bismarck.

Prince Bismarck received the deputations yesterday despite the unceasing warnings of his physician, Dr. Schweninger, and of his secretary, Dr. Chrysander, and he will practically celebrate his 80th birthday with the whole of the German people. It is to be hoped the consequent fatigue will not prove too much for his age and remaining strength.

Madrid, March 26.—The Minister of Marine persists in the belief that there is yet a chance the Reina Regente may be afloat, and that the wreck discovered by the Spanish cruiser Alfonso, near Bajo Aceitones, not far from the Straits of Gibraltar, may be that of a merchant vessel. STRONG TICKETS IN ALL WARDS

Republican Cancuses Put Up Good Men Last Night.

BETTER LIST OF CANDIDATES WERE NEVER CHOSEN.

The Aldermen, Snpervisors, School Commissioners and Constables Selected Are All Citizens Who Would Perform Their Duties With Credit to Themselves and Their Constituents—Delegates to the City Convention.

Republicans were out in force last night at the ward caucuses. Victory was in the air and although the strife in some of the wards was quite exciting, in all there was good order and harmony to the end.

Never before in the history of the city has there been large primary meetings held.

None of the successful candidates for place on the city ticket had a walk away. In the First ward, where over two hundred votes were cast for delegates, the Child delegates were only successful by II votes. The same ticket succeeded in the sec ond by about the same majority with nearly an equal vote. In the Third, John M. Whitehead was the favorite by a large majority, while in the Fourth, Whitehead crowded the Child majority on each ballot, and on one or two occasions came near being winner. One unusual, yet commendable innovation, was the appearance of two of the leading ministers at the Fourth ward caucus, who were taking an active part and lending their influence for the success of their favorite candidate.

First Ward.

The First ward republicans assembled at the west side fire station and organized by electing W. F. Carle as chairman and Theo W. Goldin secretary. There were three tickets for delegates as follows:

Wilbur F. Carle, Stewart B. Heddles, Benjamin F. Crossett, Frank L. Stevens, James Shearer, Chas. A. Potter, George Woodruff.

S. Hayner, Charles Eller, E. T. Fish, B. F. Crossett, F. M. Goodwin, George Woodruff, George Davey.

The ticket headed by H. G. Arnold received 97 votes, that by Wilbur F. Carle 89 and that by S. Hayner II. The delegates headed by H. G. Arnold were declared elected. The delegates were instructed to vote for J. H. Watson for street commiesioner.

Ward nominations were made as follows:

For Alderman—H. C. Stearns.

For School Commissioner—James Shearer.

For Supervisor—C. E. Bowles.

For Constable—H. B. Kenniston.

Ward Committee—George Woodruff, G. H. Davey, T. E. Sayre.

The committee was authorized to fill all vacancies,

Second Ward.

Second ward republicans assembled at the east side fire station and organized by electing O. F. Nowlan as chairman, and John C. Spencer as secretary.

There were two tickets presented for delegates to the city convention, as follows:

The tickets composed the following names: E. B. Heimstreet, E. C. Burdick, A. C. Jenkins, J. C. Stanton, F. H. Koeblin received 98 votes.

The ticket consisting of Herman Buchholz, Wallace M. Carrier, Thomas H. Bowles, Henry Rogers, William Burchell, received 78 votes.

The delegates on the first ticket were declared elected.

The ward nominations were:

For Alderman—S. C. Burnham.

For Supervisor—W. T. Vankirk.

For Constable—A. K. Cutts.

The ballot for aldermen stood, S. C. Burnham 88, C. H. Keuck 73, scattering 3. The nomination of Supervisor Vankirk and Constable Cutts were by acclamation.

Ward Committee—Fred L. Clemons, Alex. McGregor, W. B. Stoddard.

The committee was authorized to fill all vacancies.

Third Ward.

Third ward republicans assembled at the court house and organized by electing B. B. Eldredge as chairman, and W. J. McIntyre secretary.

The following nominations were made:

For Alderman—E. Ray Inman.

For Supervisor—Fenner Kimball.

For School Commissioner—John Cunningham.

THE TOWN TALES OF A DAY.

GENUINE tortoise shell combs very reasonable at, F. C. Cook's & Co's.

WE deal in nothing shoddy. Pass that up to the boys down the line. Ziegler.

RASPBERRY, currant, strawberry, grape, all kinds of jelly, 30 cents a pail of fifteen pounds. Dunn Bros.

WE sell a bicycle for $50 which we will guarantee equal to any $75 wheel in the town. Lowell Hardware Co.

WHEN you see a lady with a new dress on ask her where she got it and see if she don't say at "Bort, Bailey & Co's."

OUR window is full of genuine tortoise shell combs, very handsome and cheap. The popular thing now. F. C. Cook & Co.

THE Waverly bicycle can be had only at A. H. Sheldon & Co's. Ladies' wheels $75; gents' wheel $85. Both $100 wheels.

THE ladies of the Baptist church will have a chicken pie supper in the store formerly occupied by Holloway & Johnson, on Wednesday. from 5 to 7 o'clock.

A. H. SHELDON & Co. will be in their new place in another week in the room formerly occupied by Bort, Bailey & Co. Waverly bicycles for sale, $75 and $85.

WE have made steam fitting and hot water heating a life study and understand it in every detail. See us and the Boynton Hot Water Heater. Green & Allen.

WE don't resort to any bombast to sell our goods, the prices do the work. We propose to sell cheaper than any one in town. Tell us if we don't keep our word. Bort, Bailey & Co.

A FEW pails of jelly left, any flavor you wish, 30 cents a pail. Cannot be purchased from any dealer in town for less than this unless they should run onto a snap the way we did. Dunn Bros.

THE boys are sweating nnder the collar regarding the prices Brown Bros. & Lincoln are making on the North stock. The winning card is that the stock is composed entirely of new stuff, all custom made, and made specially for the Grand avenue trade. Not a pair of old, out-of-style shoes in the whole shooting match. No wonder it takes six men to wait on the trade with that kind of goods to sell; it is a picnic sure.

A DOCTOR'S EVIDENCE.

What He Says About Medicines and Cures.

He Tells What He Considers The Best of All Medicines.

There Is Only One Remedy Which He Knows Will Do All It Claims.

A doctor's evidence regarding medicines and disease is always considered the highest authority. Every court in the world accepts his judgment as positive and indisputable evidence. Therefore, what he says about a certain remedy cannot be doubted.

Dr. J. W. Minkler, of Bath, N. H., suffered for a long time from that terrible disease, asthma. All the doctors and medicines he tried could do nothing for him till he found the one remedy which he now knows to be the best remedy in the world for asthma, and all diseases of the nerves and blood. Read the doctor's convincing words:

"I had the asthma," he said, "the worst of any man I ever heard of that lived. I have paid out more than five hundred dollars for medicines, without ever receiving the slightest benefit.

"I was obliged to leave New York because I could not live there, and went into the country thinking it might help me, but it did not. I was so bad off I did not expect to live. It would come on me suddenly in the midst of conversation and stop me instantly, as quickly as though I had dropped dead.

DR. J. W. MINKLER.

Sometimes I would be taken with strangling in bed, and had a window fixed so that I could touch a spring and throw it open quickly to put my head out to breathe. One day a friend asked me to try Dr. Greene's Nervura blood and nerve remedy. I did so and it helped me. I continued using it, and after taking two bottles was completsly cured, and have had no return of it since.

"Ten thousand dollars would not tempt me to return to the condition I was in before taking Dr. Greene's Nervura blood and nerve remedy, if I could get no more of that wonderful medicine. It saved my life, and I don't know it is possible for mortal man to give a stronger testimonial than this. I will gladly answer any questions regarding my case. I am satisfied that Dr. Greene's Nervura blood and nerve remedy is the most remarkable medicine in existence."

Mr. Charles Childs, one of the leading citizens of Bath, N. H., says:

"I was aware of Dr. S. W. Minkler's condition from asthma, and his wonderful cure by Dr. Greene's Nervura blood and nerve remedy."

Everyone knows that Dr. Greene's Nervura blood and nerve remedy gives health and strength to all who use it. Everybody needs a spring tonic and restorative, and this is the best spring medicine in the world. Convince yourself by trying it.

It is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th street, New York city. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by any one at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

Cash Meat, Cheap.

Last Saturday clearly demonstrated the fact that more meat can be purchased for cash than on credit. We trusted not a soul, sold on a cash margin, and when night came had our money, almost a hundred, in our pocket, and everybody was satisfied. We propose to keep no books; only a bank book; everything spot cash, and we guarantee to sell meat cheaper than ever before sold in this town.

Low Prices Hurt.

There is a class of people who do not fancy low prices, and that is the other high priced buggy dealers. By a gigantic effort we have been able to get hold of the Henney buggy this season, and also to get it at a price that puts to flight all inferior grades of buggies in the market. Buggy dealers dislike to come in contact with the Henney, as it invariably gets away with them. It's a high grade buggy, at a low grade price.

TO TAN FUR SKINS AND LACE LEATHER

E. W. HILT & CO. ARE TO BUILD A NEW PLANT.

It Will Be Located At The North End of the Jackson Street Bridge and Work Will Begin Within a Month—Shop Will Be Complete In All Ways.

Emanuel W. Hilt & Company will build a tannery on land recently purchased at the north end of the Jackson street bridge, and the work will be begun within a month. The plant will be constructed with the idea of tanning fur and lace leather, and will probably be a frame building 20x40 feet and two stories high. Mr. Hilt was for many years the proprietor of the old tannery near the Knipp Brewing Company's plant, but his building was destroyed by fire some years ago. At that time he was engaged chiefly in the manufacture of morocco, but the new plant will be built with the idea of taking up a different line of work.

The tanning of the skins of fur-bearing animals will be one of their specialties, and the manufacture of lace leather will also be extensively engaged in. Just what time the factory we start cannot yet be told as it is out of season for the fur tanning. The skins will begin to come in early in the fall and then the work will begin. The building will be supplied with all the appliances necessary to run a first class tannery and as Mr. Hilt has been long in the business and a thorough master of it, the new plant will doubtless be a paying one, and a substantial addition to Janesville. The transfer of the site was made through D. W. Watt's agency yesterday.

New Millinery Store.

A handsome and complete millinery and dressmaking store will be opened in one half of the building, now occupied by the Hard Times Store Co., April 1. It will be under the supervision of Miss M. A. Morrissey, a thorough and accomplished milliner and dressmaker. The millinery department will be opened next Monday, with as fine a stock of ladies headgear as ever was seen, all the late styles will be shown. The dressmaking department will not be open until about April 15, after Miss Morrissey's sister returns from the east where she is now studying the fashions. Watch these columns for announcement of grand millinery opening.

THIS DAY IN HISTORY

1813—Thomas West Sherman, soldier, born in Newport, R. I.; died there 1879. General Thomas Sherman may be readily confused in war histories with William Tecumseh on account of the similarity in initials. He was a West Pointer and a Mexican veteran, like his distinguished namesake. Early in the civil war he was engaged on the Atlantic coast, but later took part in the campaigns in the southwest, the scene of triumphs which made Tecumseh's fame.

1872—Earthquake in California; shocks continued several days; 30 killed, 100 injured.

1885—General Anson Stager, a chief in the Union war telegraph corps, died; born 1823.

1894—General Alfred Holt Colquitt, senator from Georgia and a prominent ex-Confederate, died in Washington; born 1824. Commander Verney Lovett Cameron, the noted African traveler, died in England; born 1844.

The trade union strike among the shoe makers in Great Britain, caused by the refusal to permit the use of improved machinery, has thrown out of employment 200,000 men. Investigation reveals the fact that America produces shoes, with the machinery employed for half the money paid by the manfacturer at Northampton, the center of the great strike. As a result the exportation of American shoes is largely on the increase.

A white republican party in Georgia is among the latest innovations in the south. The state last year cast 97,000 republican votes and the democratic majority was only 24,000. A growing sentiment throughout the state indicates that Georgia will be classed among the doubtful states at least. A solid south is a thing of the past.

ANTI-FUSION LAW VALID.

First Act of the Present Michigan Legislature Water Tight.

Lansing, Mich., March 26.—The first act of the present legislature to be passed upon by the Supreme court stood the constitutional test. It was the so-called anti-fusion law, which requires that when a candidate is nominated by more than one party he must designate within five days after the last nomination is certified to the election commissioners which of the tickets he wishes his name to be printed in on the official ballot. The court declared that the law comes within the constitutional provision giving the legislature power to pass laws for the purpose of preserving the purity of elections.

Colored Mob to Storm a Jail.

Wichita, Kan., March 26.—The chief of police was notified last night of the organization of a mob of 180 colored men in this city to storm the city prison and kill the two white men in their cells who have been suspected of being the men who assaulted Mrs. Dacey House, a colored woman, Saturday night. The city building guard was immediately strengthened to resist any attack that may be made. The colored people are terribly excited over the affair.

Boodle Investigation in Guthrie.

Guthrie, Ok., March 26.—Suppressed excitement prevails here among politicians and others over a move made by the United States grand jury now in session in this city. The jury has summoned almost every member of the Third legislative assembly, sergeant-at arms, clerks, and doorkeepers, to appear before it. It is charged that much corruption existed in the assembly and lobby, and that over $20,000 was expended in furthering legislation.

Openly Calls Slattery a Liar.

Memphis, Tenn., March 26.—Ex-Priest Slattery lectured at the Auditorium last night and the meeting came near ending in a serious disturbance, and but for the ex-priest's hurried exit from the city while the excitement was at its height he might have encountered severe treatment. Near the close of the lecture a man shouted: "You're a liar, you're a liar against religion." Half the audience arose, but before the disturber could say anything more he was ejected.

A Friend Indeed is a Friend Indeed.

A friend advised me to try Ely's Cream Balm, and after using it six weeks I believe myself cured of catarrh. It is a most valuable remedy—Joseph Stewart, 624 Grand avenue, Brooklyn, N. Y.

My son was afflicted with catarrh; I induced him to try Ely's Cream Balm, and the disagreeable catarrhal smell all left me. He appears as well at anyone.—J. C. Olmstead, Arcola, Ill.

All Fours.

A well-known horseman has discovered a fact in natural history which may not be generally known. It is that all four-footed beasts, in making the first movement in walking, running, or any sort of forward motion, always employ the left hind leg as a starter. Even a child if put down on all fours and bidden to advance in that position, will make the first move with his left leg, his hands at the time occupying the place of an animal's forelegs.

BENEATH A BURDEN OF SORROW

Miss Emma Bliss.

Miss Emma Bliss, the only daughter of Mr. and Mrs. Howard F. Bliss, died at 10:80 o'clock this morning after a brief but painful illness. This announcement will be a great shock to many Janesville people, who scarcelo knew of Miss Bliss' illness. Ten days ago she was attacked with the grip, which yielded readily to treatment until other complications ensued. Yesterday morning the disease developed into peritonitis, and in spite of all that medical skill and care could accomplish, she sank rapidly, fighting step by step the unequal contest, giving up the struggle at last, with peaceful resignation.

Miss Bliss was the light of the home. Possessing a genial happy disposition, she won the love and friendship of all with whom she was thrown in contact. She was a member of Court Street M. E. church and Sunday school, and a firm believer in the christianity that sought to scatter sunshine and happiness wherever she went. Living for others was her motto, why death should cut short such a life, is one of the mysteries that human intelligence cannot solve. In the ashes of blasted hopes and blighted anticipations, with eyes straning to catch a glimpse if possible, of the jewel that is gone, is requiring almost more than human endurance, to feel that all that is, is for the best. And yet the life beyond contains the jewel and adds to the treasures there, that are as enduring as eternity.

Had she lived until Saturday she would have been twenty-one years old. The birthday, and the wedding, which was to have been solemnized in May, are not realized, but the bright anticipations will long linger with the loved ones as a sad memory. The friends who knew Emma Bliss will cherish a pleasant recollection of her beief life that will grow with the years that are to come. Such spirits as she possessed come seldom to the earth and are only too few for the good of mankind. To the heart-broken parents and brothers the tenderest sympathy will be tendered. The funeral will be held at the home, No. 2 Hickory street, at 3:30 o'clock Thursday afternoon.

William F. Cook.

William F. Cook died at his home on South Franklin street this morning of pneumonia, aged thirty-three years. His sickness was only of eight days' duration. He was a brother of Mrs. John Ellis of Plymouth, and of Conductor Clark W. Cook of Baraboo, who has a train on the Northwestern road, both being with him at the time of his death. He also leaves a wife and five small children. The funeral will be held at the home, on South Franklin street, at 1:30 o'clock tomorrow afternoon and interment will be in the Afton cemetery.

Funeral of J. B. Dayton.

The remains of Justin B. Dayton, of the town of Janesville, were buried in Mount Olivet this afternoon, the funeral services, conducted by Rev. Father Collins, being held in St. Patrick's church at 2:30 o'clock. There was a large attendance, and many friends accompanied the funeral party from the home to the church and thence to the grave.

Beauty Spread to the Public.

The Hotel Myers will soon present a paradise appearance. Mine host Miller is always doing something to make his guests feel homelike. At present he has several workmen busy on the dining room and Ordinary. Heretofore the Myers has had no Ordinary where guests could have meals served after the regular dining room hours, but Mr. Miller will have just such a place and as the finest furniture Putnam Bros. had, the most elegant moquette carpet kept by Bort, Bailey & Co. and beautiful wall paper at 55 cents a roll will be just the thing, it will be handsome. The dining room will be the best in the house. A metal ceiling handsomely decorated, put on by A. H. Sheldon & Co., and the walls decorated, as handsomely as art can make them will present an appearance seldom seen in towns of this size. Mr. Miller never does things by halves. There isn't a thing too good for his guests. That's the reason the Hotel Myers is known the country over as the "travelers home."

Her Mean Insinuation.

The lady was making some remarks about the kind of clothes some other ladies at church had on.

"The finest garment a woman can wear," said her husband, "is the mantle of charity."

"Yes," she snapped, "and it's about the only one some husbands want their wives to wear."—Mercury.

Had Her in His Power.

"Leave me!" She had spurned him. "I will not marry you!"

"You forget," he said, haughtily, "that I am cashier in the bank where your father is president."

And then she saw how hopeless was her case.—Syracuse Post.

Only One Flavor.

Mr. McLean would rather lose any two horses in his barn he said, than to have to part with this dog.

THE contract for lithograph work for the coming county fair was let yesterday to the "Gast Lithograph and Engraving Company," of New York city. The name of this company, which makes a specialty of this work, is a sufficient guarantee that it will be as fine a paper as was ever put up in the city of Janesville. Secretary Watt is working hard to make the fair the largest one ever given, and when he works it counts.

LOCAL express agents have been instructed to look out for Henry Smythe, who stole funds from the Wells-Fargo Company, at Tuskahoma, Indian Territory, and Waelder, Texas. COOK WAS MEAN AND VERY DIRTY

Man Who Stabbed a Horse to Death Locked In Jail Again.

August Cook, who some time ago served long time in jail for maiming a horse belonging to William Decker, found quarters in the Appleby house. He was taken in charge by Chief of Police Acheson, and was poorly clad and filthy in the extreme. Chief Acheson secured a clean suit of second hand clothing from the Associated Charities store room and took them to Cook.

"I want a new suit or none," he indignantly exclaimed, and positively refused to accept the second hand suit. "The clothes were better and warmer than the uniform I wear," said Chief Acheson, "and when he refused, we turned him out and told him to get out of town."

Maggie Johnson wao discharged from the jail this morning, she having served her fifteen days' time for using abusive language. She had her baggage sent to the Northwestern railway, intending to return to her home in Chicago.

The chair appointed H. G. Arnold and C. W. Blay a committee to escort the candidates before the convention.

C. D. Child, the nominee for mayor, was introduced. Mr. Child, the heartily thanked thanked the convention for the honor conferred, and pledged himself, that, in case he was elected, he would perform the duties of the office to the best of his ability. He stated that he engaged in the canvas with a determination to support the nominee cheerfully, and hoped there would be no feeling against any of the successful candidates. He had been accused of being a stockholder in the water company, which he emphatically denied. He was one of the aldermen who commenced the investigation against the water company, and proposed to follow it up until the people obtained their full rights. He was also in favor of the city owning the water works, was opposed to granting any franchise to any company to impose upon the rights of the people. He cited a number of the rules of the water works which he deemed unreasonable rules. He tried to make no enemies in the canvas, and hoped that whatever was done would be for the best interest of the republican party, an organization of which he was proud, he having been a member of the party all his life, and again thanked the convention for the honor conferred.

A. E. Badger, candidate for city clerk, J. H. Watson, candidate for street commissioner, and D. T. Kenyon, candidate for sealer, were introduced in turn, and each thanked the convention.

The chair then appointed the following city committee:

Second ward—F. H. Koeblin.
Third ward—W. E. Clinton.
Fourth ward—Harley Roof.
Fifth ward—N. Fredericks.

The convention then adjourned and the candidates were cordially congratulated.

TO PLAY ELAINE AND GUINEVERE

The Cliosophic Literary Society Will Interpret Tennyson's Poems.

The Cliosophic literary society is preparing for an entertainment to be given April 22, consisting of tableaux from two of Tennyton's beautiful dramatic poems, "Elaine" and "Guinevere." Those who attended the Grock play given by the club last year know that there is in store for them a rare treat on this occasion. The society was urged to repeat the Greek play this year, but having just completed a study of Tennyson, it was thought to be more fitting as representing a portion of the present year's work, to produce something from the pen of England's most famous "Poet Laureate," so Elaine and Guinevere were selected as affording the best scope for beautiful effect.

Whistling is the fad of the hour in San Francisco, and 20 belles of the Golden Gate spend hours developing their breathing capacity, "hollowing out" their chests and taking full breaths. A Storm at Sea

Increases the discomfort of the voyager. But even when the weather is not tempestuous he is liable to sea sickness. They who traverse the "gigantic wetness" should be provided with Hostetter's Stomach Bitters, which quiets disordered stomachs with gratifying speed and certainty. To the hurtful influence of a tropic, malarious or too rigorous or damp climate, as well as to the baneful effects of unwholesome diet and bad water, it is a reliable antidote. Commercial travelers by sea or land, mariners, miners, western pioneers, and all who have to encounter vicissitudes of climate and temperature, concur in pronouncing it the best safeguard. It prevents rheumatism and pulmonary attacks in consequence of damp and cold, and it is an efficient defense against all forms of malaria. It can be depended upon in dyspepsia, liver and kidney trouble.

THE FASHIONABLE DINNER TABLE.

How to Seat Guests—Arrangement of Glass, Silver and Napery.

In seating guests at dinner it is indispensable that sufficient space be allowed between them for them to move freely and for the servants to help them without difficulty. The table is first covered with a thick cloth of wool or cotton, and over this is placed the tablecloth, which should not hang down too far. A scarf embroidered in colors—golden yellow is at present most favored—partly covers the tablecloth. The

DINNER GOWN.

middle of the table is occupied by a low jardiniere filled with flowers and fruits. Around it are arranged small dishes on feet holding small cakes and bonbons. The compotiers are placed at the ends of the table.

The light should be clear and bright. The menu rests near the plate of the guest, with the card bearing his name. These menus are of all sorts. Cards decorated with exotic flowers and landscapes are more in vogue at present than anything else. The napkin is plainly folded in a triangle, in which is slipped a French roll. The Prince of Wales permits only one knife at a time to each cover, which is much more convenient than the assortment of cutlery that is sometimes placed at a guest's plate to take up room and engender confusion. The cover consists of a plate, with knife, spoon and four or five glasses at the right, the napkin and fork being placed at the left. The soup is poured into the soup plates the moment before dinner is announced. The fork is changed immediately after the fish course. Cheese is served after the entremets and before dessert.

Small, square crystal butter plates are among the table novelties. Orchids and azaleas are employed for the floral ornaments. A new decorative idea is that of having a number of bowls of tinted glass placed about the table on flat mirrors, the bowls being filled with flowers carelessly arranged.

The dinner gown illustrated is of black velvet and satin. The velvet skirt has a slight train and is ornamented with two jet quilles ending in a cluster of jet drops. The satin bodice has a square decolletage outlined with jet. The bodice is plaited at the waist in front and has a corselet belt with a jet buckle. The sleeves are of satin.

Black and White, With Violets, a Stylish Combination—Tucked Waists.

Black and white striped ribbon has been for some time in favor for millinery purposes. Black and white is also worn in dress silks and satins for evening and ceremonious wear, and as it is an effective combination, becoming to nearly every one, it is never really out of fashion. Combined with violets it is now worn as half or complimentary mourning.

Dainty waists are made with tucks run in crosswise. Some of these tucks have ribbons drawn through and are shirred up

VIOLET HAT AND BOA.

full on them, the tucks standing upright and making little puffs. If the material is thin, the ribbon showing through gives a pretty effect.

The wide collar of vandyke point is in general use, so much so that its downfall is threatened in the near future, for when everybody takes to wearing a thing the leaders of fashion become weary of it and seek for something else.

A recent English bride, dreading the effect of a dead white toilet worn in the unpitying light of a winter's day, departed from immemorial custom and wore a wedding gown of a shell pink tint, a court train being the only glimpse of conventional white about the costume.

A great many large buttons are worn on skirts as well as bodices. Cut steel, bone, horn, smoked pearl, oxidized metal and fine paste buttons are all employed. Vests, which are double breasted, have two rows of these large buttons, four to each row, and two buttons are placed at the back of jackets and coats below the waist line.

For the street rather short skirts are worn. Beige, brown, red and dark blue are fashionable colors, and a large cluster of artificial flowers is pinned to the jacket, orchids, violets or chrysanthemums being preferred.

An illustration is given of a fashionable hat and boa. The hat is of violet felt, the crown being encircled by choux of Russian violets in velvet and silk. A cluster of leaves is placed on the right side, while on the left rises an erect bow of nile green velvet ribbon. The bow, which extends below the waist, is composed of violets mixed with loops of violet velvet. These loops form a chou on each side.

EVERYTHING SEEMS WRONG

to the dyspeptic. The world is upside down; the times are out of joint; he's ready to turn his back upon his best friend.

Now, the thing that oftenest *is* wrong with dyspeptics, is their choice of a remedy. There are drugs and medicines on the one hand—the Carlsbad Sprudel on the other. They can't both be right; there's too much difference in their methods and in their results.

Carlsbad—the waters of the Sprudel Spring at Carlsbad have been curing dyspeptics for hundreds of years. *Curing* them. No remedy in the world has been so thoroughly tried and proved, in all digestive disorders, stomach troubles, lack of appetite, or perverted nutrition. Add a little of the genuine Carlsbad Sprudel Salt to the first *tumblerful* of the water, if you desire to increase its purgative action.

Do not be imposed upon by unscrupulous dealers who will sell you a mixture of Seidlitz Powder or Glauber Salt as "Improved Carlsbad Salt" or "Artificial Carlsbad Salt," "German Salt," or other names. Insist upon the genuine article, which must have the signature of "EISNER & MENDELSON CO., Sole Agents, New York," on every bottle.
